INDEPENDENT BAPTIST MISSION FOR ASIANS

It is a great joy to share what God had done to us, as we celebrate our 9th church anniversary last February 12, 2012. Pastor Dan Preston from Windsor Colorado is our speaker. There are 33 people who accepted Christ as their Personal Savior in our Sunday School Service and 10 in our Worship Service. In the evening we invited our fellow

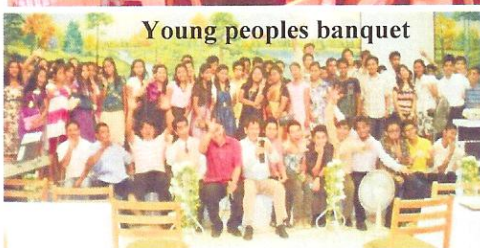

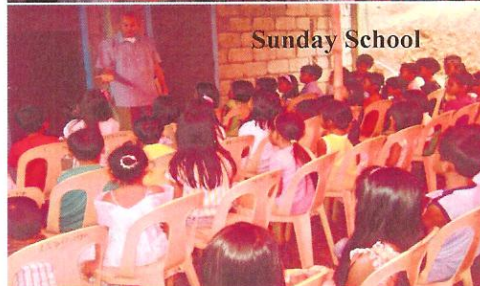

pastors and their family to join with us. God blessed us with the people who are converted into Christianity and Christian who are committed in Christian Service.

Let me give our gratefulness to all of you; who are ever love, supporting, sacrificing and praying toward this ministry. Your love and support to us gives passion and enthusiasm to keep on and attempt more for God's glory.

It is my personal prayer that this milestone event moves our Christian members to aim for higher aspirations and greater accomplishment particularly in the fulfillment of the great commission. The love of Christ constraineth us to desire more souls to be saved this year.

We cannot deny the fact that our church has been ups and downs! But, we should not dwell with it. We have more reasons to give our lives for "MISSION" and to live for God.

Right now in faith, love and giving, we are go together, we grow together and glow together. While struggling from the church building construction, we never stop praying, praising and serving God. God will make all things possible in His time.
