MIKE AND ROSALIE MARSHALL MINISTRY

Greetings from North Point Baptist Church

NEW MEMBERS AT NPBC

NPBC welcomes our newest members who recently joined our church. Jonathan and Ryan Campbell are a Navy family. Jonathan is a nuclear machinist mate Chief Petty Officer. He works for the ROTC side of U.S. MEPCOM located at Great Lakes Naval Base. Jonathan and Ryan both hail from South Carolina. They are faithful with their worship here at NPBC. Jonathan was crew aboard nuclear submarines for over 15 years. His expertise with the Navy makes him a valuable asset for MEPCOM ROTC recruiting.

SINGLE SAILOR OUTREACH MINISTRIES

My son Mike, Jr. and another Bible college student are still having outreach ministry to the Navy train station at Great Lakes. They now also use Sunday afternoons to meet sailors at a large mall where sailors go to visit when on liberty. I went with them last week and we met and talked to about 20 sailors about the Lord, passed out tracts and invitations. At Starbucks we bought two sailors their coffees which really opened up their hearts to our message.

JUNIOR CHURCH GETS A BOOST

Last week a Navy wife came to NPBC in time for Sunday school with 7 children with her. Five were hers and two were her friends. This gave our tiny Jr. Church room a very welcome test. It went well. One girl came out of the Junior church and said "This church is awesome!" These military kids need a good gospel preaching church. It was great to see our room full of kids.

NEW FAMILIES CONTINUE TO VISIT

We have been blessed to have additional families visit since out last newsletter. Some are looking for large ministries or contemporary worship services. We are traditional in our approach to ministry.

MIKE, SR. NEEDS MUCH DENTAL WORK-SOON

I had my last bottom molar pulled due to infection in February. I am unable to eat anything other than soft foods unless I damage my gums. I have just returned from the dentist today. He stated I really need about \$5,000 work on my teeth but he could cut some corners with materials and function to get me eating at least on one side of my mouth for \$3,000. Please pray that God would send us enough for this project soon.

ROSALIE'S CORNER

While I continue to hold wives Bible study twice per month we also do other outreach ministries.
