Newsletter #190

April-May 2012

Beginning 30th Year

We want to relay our thanks for your help in the Task of Missions in Brazil. Photo on the right, from our newest work includes five young people who in May were baptized in the mother church.

We've reached some milestones this month of May 2012. I graduated from BBC (first of two times) 40 years ago and 30 years ago Marilyn and I began missionary ministry and our middle daughter, Lisa, was born. As the Bible says, in Psalm 90:10c *"we fly away."* Certainly **time has flown by!** By the way, my dad also graduated with me in May 1972 and is still a tremendous help in our lives at 84. We still have 13 churches that began helping us in the Task of missions in 1982 still holding the ropes of prayer and support! Praise the Lord, for those who started and continued in following years, too. We have lost some churches this year but appreciate our sending church, Bible Baptist Church of Bonner Springs KS increasing their support and in April, we had one new church began support-Bible Baptist Church of Springfield MO. We do appreciate your prayers and help during these decades!

This week during the week night service (in a garage area of a home) in the new neighborhood, one of the mothers of the group above who were baptized, **accepted the Lord as her Savior!** This semester, Bible Institute teaching & preparation have taken up a good portion of my time. Marilyn and I have both had expenses and effect of sciatic nerve injury.

We were able to purchase a parcel of land, since our last newsletter! There is another unused lot next to the purchased lot (for now) perhaps the Lord is saving it for this new congregation? Appreciate your prayers and help as we go through the red tape of building approval and challenges of construction. Below is photo of Márcio, Vera, Marilyn and I at the new church construction site of 625 meters (12.5 by 50 mts).

We appreciate your prayers & support in the Task in Brazil!
